This exclusive, beautiful home is an absolute jewel in the coveted Bennett Valley with sweeping views across the valley that are breathtaking. Located up a country private lane (Earlena Lane) off the main road, the home sits on top of a knoll at the end of a cul de sac. The large private parcel is terraced and professionally landscaped to create multiple sitting areas and vistas where you can enjoy the flowers, trees, rock walls and charming meandering paths. There is even a horse-shoe pit for entertaining. The split level home offers 3 bedrooms and 2 full baths with plenty of elbow room for everyone. The kitchen has been updated with newer cabinets, granite countertops, ss appliances, gas range, and dining space at the counter. The largest bedroom has a balcony and outdoor access with a stunning view. Both bathrooms have been remodeled with tile shower stalls, stone countertops, tile floors. The spacious interior laundry room is a surprise with loads of cabinets/storage. With fresh paint inside/out, wide planked hdwd floors, dual pane windows, this meticulously updated home shows pride of ownership. You'll feel like you are on top of the world, but you're still close to parks, Bennett Valley golf course, Montgomery Village, and local dining. (Some photos are virtually staged).
